OCN Maternity Practitioner Award

Course Description

Would you like to be considered the best in the industry?

We've trained more maternity nurses than anyone else in Europe and we'd like to train you too.

As UK specialists in maternity nurse training, MNT developed this nationally recognised Level 4 course with our team of highly experienced specialists which includes a midwife, a maternity nurse, a childcare lecturer, a breastfeeding counsellor and a sleep specialist.

The course is accredited by OCN OTC (Open College Network - Oxford Thames Chilterns) with 12 credits and has a high pass rate. In order to gain the Maternity Practitioner Award you will need to successfully complete the associated assessments.

Could you do this course?

Our students range in age from those in their 20's to those in their 60's. Whilst we don't set a lower age limit, we would advise that under 25's may find it difficult to obtain work as a Maternity Nurse since you are unlikely to have had the required experience. Our accepted students are usually:

- Nannies who've been working for at least 3 years including professional baby experience
- Maternity Nannies / Nurses who need professional validation
- Experienced child-minders who've been working in that role for at least 3 years
- Midwives
- Nurses – preferably with professional experience in caring for babies
- Doulas

How we support you

If you find studying or assessment's difficult (perhaps you have not studied for some time, you have dyslexia or English is your second language) you'll find us supportive and sympathetic – and we can come to an agreement about extra time provided this is arranged during the course. Spelling and grammar does not contribute to the overall mark.

Testimonials:

"Thank you MNT, you changed my life. 3 years non-stop work!"
Cynthia - Maternity Practitioner Award

"The course content was superb. How lucky we are to have had the opportunity to do such excellent training."
Annie - Maternity Practitioner Award

"Your training was brilliant and a real eye-opener. I have been a qualified nurse and midwife for over 17 years, however I learnt things on your course which weren't taught in full whilst training to be a midwife. I feel so confident now, thank you very much. "Thank you to everyone at MNT."
Juliet - Maternity Practitioner Award

"I just wanted to thank you very much for providing such a wonderful course! I thoroughly enjoyed it and learnt so much - it just goes to show that one is never too old to learn. You have such a wealth of experience and the fact that we can stay in touch and shout "help" when we are stuck with something, is a great comfort!"
Wendy - Maternity Practitioner Award

Delivery Method: online/home study

The course is studied online, including all the assessments, via MNTs online learning system - 'MNT Learning'. The course is split into 3 modules:

1. Health & Care of Baby, Routines, Sleep and SIDS
2. Breastfeeding, Formula Feeding, Health & Care of Mum
3. Roles & Responsibilities of the Maternity Nurse, Self Employment & Contracts, Child Protection, Getting Work as a Maternity Nurse

Payment:

You can either opt to pay for the course in full in which case you will have access to all three Modules for up to six months or you can enrol on a Module by Module basis. If you choose to complete one Module at a time, you will have up to four weeks to complete each one and submit your assessment for marking. However, you must complete all three Modules within six months of the original enrolment.

Assessments

In order to pass and receive their OCN accredited certificate, all students will be required to successfully complete the assessments associated with this course.

The assessments are completed and submitted via our online learning platform.

**The course fee
is £555
(including
VAT)**

Your first step to a brighter future - booking and payment

Bookings can be made online at **www.mnttraining.co.uk** (alternatively you can call and we can take registrations and card payments over the phone – **0844 8268 446**).

When you enrol via the website, your login details will be sent within one hour and you can start the course straightaway. **NB if you don't receive the details within one hour – please check your junk folder as some providers may treat our messages as spam.**
